Escape Injury
In Accidents

A Sierra Madre man suffered minor injuries early Tuesday when he fell asleep and drove his car into a telephone pole at Grand View and Wilson.

He is Albert S. White, 39, of 460 N. Auburn. He was taken to Sierra Madre Hospital and treated for abrasions and contusions on the head and face. He was released yesterday. The accident occurred at 2 a.m. Tuesday.

Another Sierra Madrean, Jens P. H. Jacobson, 35, of 312 Foothill, miraculously escaped serious injury in an accident Monday morning on Orange Grove Ave. in South Pasadena.

Mr. Jacobson, an artist, was driving a sports car when it hit a street divider, turned over and skidded about 120 feet. He was treated at Huntington Hospital for cuts and abrasions and released.

Polls Opens
At 7 a.m. in
School Election

Polls in the Pasadena trustee and school tax election will be open in Sierra Madre from 7 a.m. to 7 p.m. Friday at Sierra Mesa and Sierra Madre Schools. Local residents may vote for two trustees and on Propositions A and B. Proposition C applies only to the Pasadena elementary schools and thus Sierra Madreans will not vote on it.

Sierra Madre is in the Pasadena High School and Junior College District. We have our own elementary schools.

Oks Stivers,
Dr. Freeman

The quality of the educational program in the Pasadena schools will be at stake in tomorrow's School Board and tax election, according to Roger M. Bone, chairman, Citizens for Good Schools.

"We urge that all Sierra Madreans interested in the best education for our youngsters make a special effort to get to the polls and vote tomorrow," Bone said.

"Citizens for Good Schools has endorsed Dr. Robert G. Freeman, incumbent, and James N. Stivers, Jr. (of Hastings Ranch) builder, for election to the two vacancies on the Pasadena Board of Education, governing board of the Pasadena High School and Junior College Districts.

"We are backing Dr. Freeman and Mr. Stivers because we believe they are the best qualified of all the candidates, and because they have a positive program for the continued improvement of the Pasadena schools system.

"We are also backing Dr. Freeman and Mr. Stivers because they are pledged to sound, prudent management of public school funds placed in their trust.

"All citizens may be confident that the best interests of the children will be served by the election of Dr. Freeman and Mr. Stivers tomorrow."

5 Trustee Candidates
Also on School Ballot

By Lucie Lubisch

Voters tomorrow will elect two members to the Pasadena Board of Education, and decide whether to raise the ceilings within which future school taxes may be levied. The election is heralded as an important one, with two of the candidates opposed to the tax limits, and three in favor.

Candidates are Robert Freeman, radiologist, now serving an unexpired term on the board to which he was appointed; Mabel Fossler, a practical nurse, who has run, several times previously; Joseph Matus, building contractor, also a previous candidate; Laurel McElwain, a toolmaker, running for the fourth time; Clarence Shockley, president of a management firm, seeking his first term, and James N. Stivers Jr., builder, seeking his first term.

Mr. McElwain, who said he used to term himself a middle-of-the-road candidate, but has now been "squeezed to the other side and become a conservative" urged a "no" vote on the ABC propositions "because it is unrealistic to set ceilings for an unspecified time," adding that it would be giving a "rubber stamp board" a "blank check."

DR. FREEMAN discussed his five-point platform:

1. Continued teamwork between the Board of Education, teachers and the community, which has brought about a "good climate" in Pasadena.
2. Consultation with community groups, teachers and tax committees.
3. Long range planning for 3, 5, or 10 years ahead.
4. Adequate financing for schools, building with bond money and supporting with tax money, "with all board members exercising economy."
5. Superior education for our children, expanding modern languages, science, mathematics, political science and international relationships.

Dr. Freeman also said the "biggest problem for all — schools and parents — is to motivate children so they want to learn."

MR. STIVERS, illustrating the need for sufficient money to provide classrooms for the always expanding number of students, said his wife attended kindergarten in a "temporary building" at Wilson, which is still standing and is still in use.

He said advancements made in Pasadena schools has been many during the past year, adding that "the climate is excellent and the goal is excellence. Let's get on with the work."

He explained that the citizen's committee, of which he was a member, arrived at the tax ceiling on the ballot, after having received recommendations for education, based on estimates of enrollment, teachers, building, etc., and figuring how many dollars would be needed in the foreseeable future.

The tax ceilings may be raised or lowered at any time by a vote. Opponents of the new ceilings object to the unspecified time on the ceilings. Proponents say the unspecified time limit is necessary because it allows for long range planning, which two or three year ceilings do not, and that advance planning is necessary and less expensive in the long run.

Housewife Douses Fire With Hose

A fire in the basement of the Al Over home, 481 Mari-rosa, Tuesday morning was put out by Mrs. Over before firemen arrived. The blaze started when paper burning in a fireplace fell onto the basement floor. Mrs. Over put the fire out with a garden hose.

School Merger Suvrey
Studied by Board

A decision on whether to order a long-range study of the Sierra Madre school system is expected at the adjourned meeting of the Board of Education June 29.

The project was recommended at the Board meeting last Monday by Superintendent Robert E. Walker.

The survey would include (1) a careful analysis of the district's financial ability, (2) an analysis of future financial ability, (3) an analysis of student population growth factors, (4) an analysis of future current expenses and future capital outlay needs, and (5) an analysis of alternate plans of school district organization.

made by Dr. Irving Melbo. THE STUDY would be made by Dr. Irving Melbo, dean of education at the University of Southern California.

After the study is completed at a cost of \$1,500, Mr. Walker said the local school problem could be taken to the County Committee on School District Organization.

The most pertinent part of the survey is in Point 5 and would presumably give the Board valuable and accurate information about the desirability of annexing with another district such as Pasadena.

"The results of the study," said Mr. Walker, "would be an invaluable asset to the Board in its determination of the future financial needs of the School District. It would also form a solid basis for serious study by the county committee or a local lay committee formed by the Board to advise members regarding our financial future."

OPPOSING THE plan was Trustee Arthur Albertson. He argued that the study would particularly in view of the cost about one cent of the new tax rate, and that the

Mrs. Jacobs
Honored at
Board Meet

Mrs. Nathan Jacobs, a member of the Board of Education here for the past five years, was presented a certificate of merit Monday night and was honored for her devoted service to the public schools.

The certificate was presented by Dr. Bertram A. Betts, assistant superintendent of L.A. County Schools.

The PTA and the Teachers Club then presented the school trustee with a large cake, inscribed "Thanks for your years of service."

Mrs. Jacobs, who will retire from the Board at the end of this month, was first elected in 1954.

Full-Time
Recreation
Man Needed

The Parks and Recreation Commission has recommended the employment of Recreation Director Dave Sommers on a full-time basis, starting July 1.

The recommendation will be acted upon by the City Council, possibly at the next meeting.

Mr. Sommers has worked for the city as recreation director for the past 2½ years as an hourly employee. He presently works 30 to 35 hours a week at \$2.50 an hour.

HIS SALARY as a full-time director has been suggested as \$450 a month. Thus the cost to the city would not be much greater than it now is if Mr. Sommers is employed full time.

Since Mr. Sommers arrived here, the city opened its new swimming pool which requires considerable attention. Also, many more recreational activities have been added to the city schedule.

Mr. Sommers will be graduated this month from Los Angeles State College where he is majoring in physical education. He and his wife, who live in Monrovia, have three children.

THE COMMISSION also recommended the immediate removal of the bath house and adjacent fire station at the old canyon pool. Action was taken at the Commission meeting a week ago.

The Foothill Area Improvement Association has suggested that the area be converted to a parking lot, by removing the building and straightening out the flood control channel.

James McCoy, Commission chairman, said the County Flood Control District informed him that the channel could not be straightened out at this time. In addition, he said that funds are not now available to convert the area into a parking lot.

It appears, therefore, that plans of the Foothill Association will not be fulfilled in the near future.

SPEAKING in behalf of the Association at the Recreation Commission meeting were Robert E. Imus, 839 Woodland; Ralph Brown, 679 Brookside, and Mrs. Evelyn Sloman, 737 Skyland Dr.

Little League
Scheduled at
Heasley Field

Area play-offs in Little League competition will be held at Jim Heasley Field in Sierra Vista Park the latter part of July.

This was decided at a Little League meeting in Hinshaw's Auditorium in Arcadia last week. Attending from Sierra Madre were William Coulson Jr., Little League president here, and Dean Irvin and Charles Abbe.

The first play-off game will feature the Sierra Madre All-Stars and the West Altadena All-Stars. Last year the local team won its first game against Hastings Ranch but were beaten by East Pasadena at Victory Park.

Currently, the Royal Drug Orioles continue to lead the Little League—Majors (Team standings are in Page 10).

Shots for Rabies
Offered on
June 11-12

Inoculations for rabies will be offered at the Sierra Madre School parking area on Auburn Ave., June 11 and 12 from 6:30 to 9 p.m.

The fee to have your dog inoculated is \$1.50, performed by members of the Veterinarians Medical Society. The project is sponsored by the PTA.

Sierra Madre police will have dog licenses available as a convenience, and Boy Scout Troop 376 will assist. Others who wish to help may call Mrs. Arthur C. Bohart, ELgin 5-2482, evening.

Ballot Recount

Several persons have inquired about a recount of the ballots in the recent tax election.

This question arises after every close election and, of course, when only a few votes decide the issue—as in Sierra Madre—the chance of an error is always present.

Locally, thought, the odds against a mistake, it seems to me, are about 1,000 to 1.

IN THE FIRST place, it's too late to task for a recount so the question is purely academic. The deadline was 5 p.m. Monday—five days after the official canvass by the Board of Education.

A canvass, incidentally, is not a recount. It is simply a totaling of the figures as presented by the election officials.

A person who wishes a recount must file an affidavit with the county clerk showing why one should be made. Providing a sufficient reason is given, the ballots are then taken into court and a recount is ordered.

Ballots are re-totaled by four clerks, at \$15 each. This cost must be paid by the person seeking the recount. He must also pay court costs and the attorney's fee—a total of \$200 to \$250.

AS TO THE actual count of the ballots in the past election, there is no doubt in my mind as to its accuracy.

In Sierra Madre School, the ballots were counted three times. In the first count, an error was made. As a result they were tallied twice more by the inspector and the two judges. After the third count, all agreed that the results were correct.

The inspector at the Sierra Madre School was Miss Elizabeth Steinberger, and the judges were Mrs. Grace Koch and Mrs. Joy Embree. All have had considerable experience on election boards.

AT SIERRA MESA, the two judges and inspector arrived at the same figures after the first count and certified the results. The inspector was Henrietta Hinkley and the judges were Mrs. Ruth Twycross and Mrs. Lucille Pickett. They are experienced also.

Furthermore, there were about a dozen observers at each school and none of them challenged the results of the tax election.

If an error was made, it was one of judgment on the part of the school tax opponents who failed to organize and to get out a sufficient number of votes to defeat the tax measure. They probably were over-confident—a state of mind which certainly can't be blamed on the judges and inspectors who counted the ballots.—H.W.E.

Around the Square

Snake sipping verification by an authority, Dr. Jay Savage, USC herpetologist: "Rattlesnakes drink water." But how often and how much depends entirely on chemical activities, temperature, habitat, etc.

As for this year being the biggest in downhill rattlesnake migration, Dr. Savage says it is more likely that civilization is moving more and more up to snake habitats—the chaparral areas. Actually, he feels the total rattlesnake population is lower—due to being killed by humans and having their habitats destroyed during clearings for home building, etc.

Snakes that do come are probably searching for prey—rather than water. Also, rattlesnakes do bathe at shedding time—but usually only when they are in captivity.

POPP'S QUESTION. Knowing "which river system in the world drains the largest area?" netted \$475 for Dorothy Popp—who answered "the Amazon River" on the Tele-Test radio quiz, Monday morning (a double coup for Monday Ayem Quickness).

"It's the first contest I've ever won—I thought it was a joke!" said Mrs. Popp—who had no warning she would be called. In fact, she wasn't even listening to the program—and never has.

Mrs. Popp, who lives at 490 Fairview with husband, Leonard, and two pre-school Poppets, hadn't a ready answer to how the windfall would be spent.

WORD FROM Windsor Lane's M. Anderson that Joan Edwards has a poem to shut-ins "At the End of the Rainbow" published in National Hook-Up. Miss Edwards is president-founder of Friends of the Shut-Ins, a national society.

PUNK POST. Youngsters unwittingly have been getting on scummy mailing lists—and reportedly there's been a sludge of suggestive material making the rounds "in plain wrappers." How

much of all, no more starlet-type diets for "Daisy"—she eats anything and dotes on candy cigarettes.

NOTHING but sunshine, pine forests and the open highway during a two-week Canada auto trip for Owen and Ruby Edwards (who live on Mariposa) and Ruby's brother and wife, the Jack Hamptons of Monrovia. The British-born foursome especially enjoyed shopping for familiar British articles and goodies (Rountree's Fruit Gums, perchance?).

INCIDENTAL INFO. How a boy emerges from an hour's bath looking like Chief of the Great Unwashed: First, he sprinkles the tub with "Evil Sacrifice Juice" (formula: soap, toothpaste and baby powder), then he draws a thumbful of tepid water, and finally he climbs in, adding his own residue from the backyard mud pits. Viola! An unsoakable crust!

WHAT MANY MOTHERS DREAD

Letters to the Editor

MEMORIAL RITES

Dear Editor:

I was not very proud of my little town, which I love so much, last Saturday when the Memorial Day services were held at the cemetery. Only a handful of people showed up for the ceremony which turned out to be, perhaps, one of the most impressive and sincere remembrances of our war-dead. Probably the fact that the holiday was part of a week-end made it necessary to dispense with the parade and the assembly of the many organizations which usually gather at the tombs of our soldiers to dedicate themselves to the principles for which they died... and to work for eternal peace in the future. But I am sure that many, many more could have come.

It seems that so many beautiful preparations should have been rewarded by a grateful town. The cemetery had been so nicely groomed, the graves decorated, seats provided. The speaker, Rev. George Lind-say, gave a wonderful address worthy of being printed to reach the hearts of thousands and the ceremony of the Veterans of Foreign Wars, especially the red, white and green floral sprays of dedication, was sincerely arranged and managed. I would like to express my personal gratitude to all who participated and appeal to all my neighbors to make a special effort next year to be with us during that hour of national reflection on war and peace.

If I be permitted to make a suggestion in the spirit of constructive criticism in closing, I would reduce the long list of participants during the wars who have since died, to a roll call of those who died on the battlefields of those wars.

NEED SOLID BACKGROUND

Dear Sir:

Congratulations on your timely editorial entitled "Better Teacher Training" which appeared in the May 21, 1959, edition of the Sierra Madre News.

It has often occurred to me how much we do need promising young men and women to devote their lives to the teaching profession. I would happily encourage any competent youngster for such a career, but a well-grounded apprehension manages to put a damper on my enthusiasm.

In encouraging young men to enter the teaching career one must indicate the obvious obstacles on the road to this noble career. Unfortunately, the obstacles lie within the very institutions supposedly designed to aid in the progress of a profession quite in demand. Difficult, indeed, it is to ask a young man to subject his time, his idealism and his potentially voracious capacity for wisdom to many courses in methodology are necessary, but nothing will substitute for a solid liberal background, a challenging major and common sense.

Again, congratulations for words well-said. Sincerely, Brother Timothy Mel, FSC Vice Principal, La Salle High School.

Lee Shippey asks
What Do
You Think?

Other day I read a quip in which a modern father timidly asked his teen-age son: "May mother and I use the family car this evening? We haven't had a turn in quite for a while."

That wouldn't be funny if there weren't a lot of truth in it. Seems to me that a lot of the people who, in this year of our Lord S.S. (Since Sputnik) are trying to blame all the insolence, carelessness, lack of thoroughness and avoidance of studies which demand intense application on our schools and teachers, are the very ones who have done most to spoil and neglect the rising generation, not only by lack of inculcation but by example.

They haven't had time to know what their children were doing because their business and social obligations came first. Much of the early training of their young has been left to baby-sitters and when the kids outgrew baby-sitters with parents were too busy with bridge and cocktail parties to know what the kids were doing or with whom.

Yesterday I talked with a young man who put in a year as a Cub Scout leader. He quit because he couldn't get the others to show helpful interest. They left all that sort of thing to their wives, but he felt boys needed the leadership of men, not merely of one man.

If you yourself aren't giving your children the best example, cooperation and understanding interest, you can give them, don't blame any bad results on the schools. Our schools offer so much that any kid who makes the most of what they offer is sure to rise above the crop.

Bethany Raises \$25,000 For Mission Work

Last Sunday Bethany Church raised nearly \$25,000 in its Faith-Promise project for Missionary activities.

Similar to the Faith-Promise endeavor that the church employed in 1957 to raise money towards their building project, this marks the beginning of a year of unprecedented giving to Missions for Bethany Church.

Following the morning and evening services, members and friends of Bethany deposited their pledge in the Faith-Promise Chest at the front of the sanctuary.

The \$25,000 represents an increase of nearly 100 per cent in the church's annual missionary commitment.

LUTHERAN PASTOR MOVES

Rev. and Mrs. Armin Hesse and their three children, Julie, Elaine and Gary, last Friday moved into their own home at 1015 Medford Rd., Pasadena. They recently purchased the residence from Mrs. Joy Thompson who now lives in Los Angeles.

Sermon Series Planned On 'Marriage and the Home'

Rev. Armin Hesse of Faith Lutheran Church, 835 Hastings Ranch Drive, has announced that during June he will present a series of four pulpit messages on "Marriage and the Home."

The first of these sermons, to be given next Sunday morning, will be entitled "For Keeps, Not Just For Fun."

In announcing this subject, the pastor stated: "June is known as 'the Wedding Month.' It is readily apparent that people who enter marriage need to be aware of God's concept of this union. To enter marriage and to establish a home is a serious matter and should be undertaken with understanding of the will of God. The purpose of these messages will be to show how God's blessing can rest upon marriage and the home."

Meetings at Faith Lutheran Church next week include the Sunday School Staff on Tuesday at 7:30, and the Church Council on Wednesday at 8 p.m.

The time of this year's Children's Vacation Bible School will be June 29 to July 10, each school day morning from 9 to 11:30.

Why should I vote for new school tax ceilings?

... BECAUSE I really want superior schools in Pasadena.

... BECAUSE I want major improvements in the schools -- stepped up math programs; smaller English classes; extended summer school program; starting foreign languages earlier; additional counselors.

... BECAUSE there are more children now and more coming.

... BECAUSE if I don't, the ceilings will drop to limits set by the state legislature 25 years ago and there won't be enough money to pay for even minimum education let alone improvements.

... BECAUSE I want to protect my own property values by insuring good schools.

Plain and Fancy

PASADENA PLAYHOUSE COMEDY AMUSING, LIKABLE ROMANCE

By Edward Voorhees

"Plain and Fancy," with a cast of more than 60 actors, dancers and singers, is this season's final production at the Pasadena Playhouse.

Announced by producing director Charles Lane as the "first full-scale musical in Playhouse history," it may be added that its opening night audience here, May 29, which filled the house in numbers and applause, may well be an augury of taste and demand for more of the same next season.

In its gay and tuneful progress through 19 short and colorful scenes, it pictures the amusing effect upon a small Pennsylvania village, "Bird-in-Hand," peopled by the Amish sect, when an ultra-sophisticated New York couple arrive in a blinding-red sports car on a business errand.

PLAYED WITH supreme competence and charm by Lynn Bari and Peter Adams, the New York couple, without intending to do so, cause havoc in the mores of the

community of simple living, hard working, non-drinking, horse-and-buggy farmers. The old adage that true love never runs smoothly is amusingly illustrated in dooryard, kitchen, and sleeping quarters, both by the unmarried New York friends and the very young Amish couples and their parents—where an unmarried girl of 21 is regarded as an old maid—"already yet—aint?" as they phrase it.

Stern Papa Yoder, played impressively by George Gil-

vot, insists that his Katie marry Ezra Reber, between whom there is no love, while Katie loves his brother Peter, the outcast. Hilda (Pat Michon), daughter of amiable Isaac Miller (Howard Hoffman) and sweet-singing Emma Miller (Betty Yeakel), repels simple-minded and devoted Jacob Yoder throughout most of the action, until a rough evening, when she runs away alone to a carnival, cures her calf-love of the New York visitor and her longing for the big world be-

yond, "Bird-in-Hand."

THE WILD dancing scene of the Carnival Midway will shock others besides Hilda—as it is to the revelry in the intendedly sensual Walpurgis Night scene in Goethe's classic "Faust."

Carried along by such song hits as "It Wonders Me," "Plenty of Pennsylvania," "Young and Foolish," "Plain We Live," "It's a Helluva Way to Run a Love Affair," "City Mouse and

Country Mouse," with Solo, chorus, and ballet dancing—all to the music of a real live and capable orchestra in the pit—launched this amusing and likeable romance to a finally happy solution, with a thunderous curtain applause from a house packed to the last row in the balcony.

Performances will continue through nearly all of June, evenings at 8:30, from Tuesday to Sundays, with weekly matinees on Saturdays at 2:30.

MEMORIAL DAY was observed last Friday at Sierra Mesa School where an Evergreen Ash was planted in memory of the late James Hensley. The tree and a plaque were presented to the school by the PTA. Shown lifting a shovel of dirt are Mary Alice Colvin, 7, and Darrell Gumm, 6, who were chosen for the job by last year's kindergarten class.

Labor 'Pros' Control Union Meetings

By Edgar W. Hiestand
Rep., 21st Dist., Calif.

Labor Committee hearings are underway in Los Angeles, to gather data on industrial relations in this area.

Frankly, I engineered this investigation, because of the great number of letters I've received in the past two years, describing some very unhealthy conditions existing here. The testimony and evidence we get may help to get a good labor bill in place of the weak and inadequate Kennedy Bill. We came out here because it's cheaper to have a three-man subcommittee come to Los Angeles than to send dozens of witnesses to Washington.

Thus far, testimony of several witnesses has revealed some shocking things; the kind of things you might expect to hear about from Communist Russia, but not in the free United States. It isn't necessary to re-state them here because the newspapers have carried complete reports daily. But some of the implications and conclusions are not so obvious or well known.

I HAVE BEEN constantly impressed by the lack of de-

mocracy within certain unions. While only a few union officials are dishonest in the legal sense, a great many locals are run by a militant minority, and the average union member has little or nothing to do with its policies. When ordinary members, "outside" the ruling circle, attend a meeting, maybe with fire in their eyes, they find themselves out-manuevered at every turn by this autocratic minority.

These "pros" know every trick of parliamentary procedure, and this is their most reliable weapon. They don't have to resort to violence or even threats of intimidation. A "point of personal privilege" or a "motion to table" is a powerful weapon in the hands of a smart operator, especially when he controls the meeting.

The average guy, attending a union meeting for the first time, with no prior knowledge or experience in procedure, hasn't a chance against these tactics. After one or two experiences of this sort, Mr. Average Union Member simply doesn't come back, leaving the union bosses in complete and un-

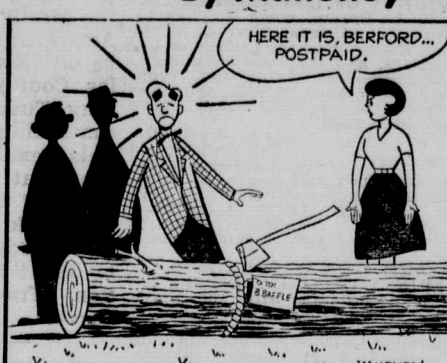

contested control. These methods are used more often than bricks, but you don't read about it in the headlines.

WE MUST, in the new labor legislation, give and guarantee union control by union rank and file membership. Given the power, the members themselves would rid their locals of dictatorial control and the resultant evils.

Instead of strengthening the original Kennedy Bill weakened the union member's voice in his local's affairs. The watered down McClellan "Bill of Rights" goes only part way. Other labor reform proposals: the Barden Bill, the Kearns Bill, my own, and others, do the job properly. We're going to put up a terrific battle in Committee to get the needed provisions into whatever bill is finally drafted.

I believed the evidence we take back to Washington from our Los Angeles investigations will help "sell" this important provision to the Labor Committee.

State Lists Costs of Education

SACRAMENTO, June 4 — It cost \$1.96 per day to educate a California elementary school pupil during the 1957-58 fiscal year and \$3.02 per day for a high school student, State Controller Alan Cranston said yesterday. Cranston revealed the averages as his office issued its annual report on school district financial transactions. Similar breakdowns pegged the per-day costs at \$3.31 for a junior college student and \$2.29 for a pupil in an unified school district, a district in which all school levels are administered by a single board.

EXTENDED OVER the full school year of 175 days, the annual cost was \$343 for an elementary school pupil, \$528 for a high school student, \$580 for a junior college student, and \$401 for a pupil in an unified district, Cranston reported.

The overall high cost of education was reflected in a single statistic showing that the State's 1819 school districts spent a total of \$1,195,554,264 from general funds in the fiscal year ending last June 30.

California's 58 counties did not spend that much alto-

gether, nor did the state's 351 cities, Cranston said.

THE SCHOOL districts' total income for the 1957-58 fiscal year was \$1,214,513,356, he said.

Cranston pointed out that in the prior fiscal year, total expenditures were \$1,031,015,407 while income was \$1,042,657,204.

General fund expenditures include salaries, miscellaneous costs of instruction, operation and maintenance of school plants, transportation of pupils, administration, capital outlay, and various fixed charges.

John

Meaning "divine grace," John (and its variations) has identified more famous persons than any other name in history. The signer of the Magna Charta was named John, as were four American presidents and innumerable European monarchs. A quick skimming through many areas brings forth Alden, Hancock, Pershing . . . Milton, Keats, Brahms . . . Barrymore . . . Rockefeller, Astor . . . and in the diminutive, such renowned "Jacks" as Dempsey, Spratt, Frost and O'Lantern.

If you'll have the "grace" to forgive us, John, we'd like to remind you that the best place for your extra "jack" is right here with us. We provide complete, insured safety for your account, and "jack up" the funds you accumulate with our regular, high returns.

School Merger
(Continued From Page 1)

Board has not been authorized to spend tax money for this purpose.

However, Mrs. Clark Casey, also a trustee, said that the Board "owes it to the public to make the study, closeness of the past tax election." She pointed out that there appears to be some sentiment in Sierra Madre toward annexing with Pasadena. "A good study of the problem, she said, should settle the question 'once and for all'."

Speaking from the audience, John Dewar, who worked on behalf of the new tax rate, said:

"THE BOARD must have dependable information on the annexation problem. We should have a reliable report and then let the public decide."

Trustee Hugh Colvin suggested the Board delay its decision until the June 29 adjourned meeting.

IN OTHER business, the Board:

1. Granted a year's leave of absence to Mrs. Elizabeth Bicklin, third grade teacher. Mrs. Bicklin has decided to stay home with her family, which includes three boys, 15, 12 and 8 years of age, for a year. She lives in Pasadena.

2. Discussed the problem of tuition payments to Pasadena for the education of Sierra Madre's seventh and eighth graders.

3. Approved a change order involving construction at Sierra Mesa. The new school addition is expected to be completed in a month. Cost of the classrooms will

be somewhat less than the amount budgeted, and the surplus money will be used to buy desks, chairs, tables, kitchen equipment, etc.

Some folks are just born lucky, I guess. Now, I don't have the kind of luck that lets me win contests in 25 words or less. I never win door prizes or raffles, and at the races I'm left behind the post.

But I AM lucky! I attract so much wild life. It is not everyone who can inspire the confidence of the little creatures of the world, but by having literally millions of dichondra seeds in our lawn they seem to feel that the welcome mat is out for them alone. First thing in the morning a covey of quail comes fox trotting along availing themselves of the hospitality of the house. A little later we serve luncheon in a birdwatcher's paradise. No discrimination at our luncheons. Then I water, so the tender leaves will be clean and juicy for the afternoon ground squirrels.

Come evening, things quiet down a bit as the lawn moths, cut worms and sow bugs are very quiet and unobtrusive. After midnight the wild debauch really begins as the "cotton tails" and skunks move in to feast side by side. You, too, may wonder how you can become the perfect hosts. It isn't easy; you gotta fertilize.

THE DAVE ELMER home on Fairpoint has been the scene of much morning and afternoon entertainment this past week. Mrs. Elmer's mother, Mrs. H. F. Von Norman, gave a 10 a.m. breakfast followed by bridge. Her guests were her daughter, Mrs. Elmer, Mrs. E. Marshall Harris, Mrs. George Holmes, Mrs. Robert Anderson, Mrs. Robert Kenney, Mrs. F. W. Sorgenfrei, Mrs. D. O. Nicholson, Mrs. Ira Price, Mrs. James Knowles, Mrs. Norman Lormer and Mrs. William Blakely.

Mrs. Elmer also entertained her regular bridge luncheon group last week at what turned out to be a surprise handkerchief shower honoring Mrs. Ira Price, who departed Monday for a trip to Hawaii. The other guests were Mesdames D. O. Nicholson, John Morris, Robert Anderson, William Zogg, Phil Lightfoot and William Knight.

After all the partying was over the entire Elmer family took off for San Diego for the weekend to visit relatives.

SPEAKING OF entertaining, Mrs. Howard H. Morige of Meyer Loia was a nervous wreck by the time she finally got all of the arrangements made for the "Gay Ninety" surprise birthday party in her husband's honor last Friday evening. To complicate matters further, Mr. Morige decided he would come home at noon (they'll do it every time) and a deal had to be worked out to keep him away from home. However, in due time everything worked out fine and the guests had a perfectly wonderful time dancing to the ragtime music furnished by the piano player and various volunteer musicians.

A dinner was served box supper style. The guests were Messrs. and Mesdames Charles Betts, Forest Daggett, LeRoy Frandsen, Robert Hadden, Franklin Howell, James Hawkins, George Holmes, Don McNeil, George McRoberts III, Albert Richards, Donald Smith, Matthew Slavin, James Smith and C. Taylor Test. Also there were Drs. and Mesdames LeRoy Haines, Edwin McLoughlin, Jack Paschall Jr., Miss Patricia McCune and Mr. Art Stern.

MRS. JOHN CHAPMAN of Old House Road had an executive board meeting of the Pasadena Alumnae Association of the Kappa Kappa Gamma sorority followed by a luncheon. Mrs. Chapman was just recently installed as president of the group for the coming year.

MR. AND MRS. John Honsaker Jr. are really enjoying their new home at 3015 Claremea Lane. They feel they are finally getting settled

SPOTLIGHTED AT THE annual "Grand Council Fire" of the Sierra-Hastings District of Camp Fire Girls, will be these seventh graders, who will receive Torch Bearer rank, highest in the organization, (left to right)

Marilyn Lee, Barbara Shanks, Jeanne Jennings, Susan Hurlig, Karen Buttane, Karen Cummins and Ann Lubisch. The council fire, open to the public, begins at 7:30 o'clock tomorrow night in Sierra Madre Park.

UP ON . . .

Hastings Hill

Tomorrow is election day. Lucie and Marge are for Bob Freeman, Jim Stivers and Propositions A, B and C. We trust you are, also.

One of Hastings Ranch's smart young musicians, Steven Smith, a Pasadena High senior, will present a piano recital at 3 p.m. Sunday at the Arcadia Women's Club. He is a pupil of Joseph Zoelner.

Steve is one of those best-all-around students you hear about. Music has been important to him since he was small but it hasn't prevented his being active in campus affairs, including being one of his school's top tennis players. Music could be his life work, but he wants to be a doctor, so will attend PCC for a year before he decides where to continue his studies.

Another talented young musician, Elizabeth Elgin, harpist, a Muir student, will assist Steve in his recital. The program is open to the public.

Their annual Wednesday-through-Sunday Memorial Day weekend at Kemper Campbell Ranch was enjoyed by Harris and Betty Robinson, Harry and Eleanor Masser, Kirk and Helen Lewis and Larry and Betty Barr, plus George and Nancy Lenney, the Clifford Wilcoxes of Arcadia and the Lyle Sixes of Scottsdale. Each year the "weekend" is extended, may soon turn into a 10-day affair.

Leave it to that very feminine female, Jane Cowen, to use pale pink stationery and pink business cards in her new activity as real estate saleslady deluxe.

Ranch residents should be very proud of their Cystic Fibrosis Guild. At last week's annual potluck and installation dinner, a report was read stating, in the five years the guild has been in existence, more than \$10,000 had been given to Los Angeles Children's Hospital for research in the disease. This is quite remarkable since the guild numbers 35. Members, of course, have worked very hard, but the money gifts to the hospital have been made possible only because local residents have so generously and unselfishly supported the guild's benefit parties. Through their help, the hospital's research program has expanded, which means the money gifts are even more important but the progress

and beginning to make strides on their garden. The Honsakers are the parents of three children, however, the two older children, a son and daughter, are married and living away from home. Their 17-year-old daughter, Mary Ellen, is a student at John Muir. Mrs. Honsaker has been very active in the Cal Tech Service League, and will take over as president of the League on July 1. Mr. Honsaker, an engineer with Pacific Telephone Co., in Los Angeles, has plenty of hobbies to keep him happy. In addition to gardening, fishing and tennis, he is also a stamp collector.

Delta Zetas
Meet Tonight
At Sisson Home

Delta Zetas of Pasadena-Foothill alumnae chapter will meet at 8:30 o'clock tonight for dinner and business meeting at the home of Mrs. Charles Sisson, 260 Wigmore.

Dinner committee members include Mrs. Bradford Bishop, chairman; Mrs. W. S. Eggleston, Mrs. Laurence Moore, Mrs. Otto Nelson, Mrs. C. R. Pearman, Mrs. Clinton Pierce, with Mrs. Donald Van Steenwyk in charge of reservations.

Miss Veronica Lockitt, a young girl from Worthing, Sussex, England, now a Pasadena resident, will talk with members about life in England.

Business during the meeting will include recommendations from the board for accomplishment of a heavy schedule of service to the sorority's charities, including Pasadena Braille Club, Unibet Camp, Gallaudet College for the deaf and its patients at Carville Hospital, in addition to extra work entailed by the Delta Zeta national convention in Pasadena next year.

Mrs. R. Houseal
Honored Guest
At Coffee Party

Mrs. Jack M. Jenkins, 1175 Coronet, was hostess last week at a coffee hour honoring Mrs. Robert Houseal of South Carolina, who with her husband, Dr. Houseal, is visiting their son, Robert Houseal Jr., 1160 Coronet, and his family.

Guests included Mrs. Houseal Jr., Mrs. William Bradford, Mrs. John McKenna, Mrs. Fred Fenton, Mrs. Gerald Fahey and Mrs. Desmond Strangman.

Nursery
Elects New
Officers

Mrs. Peter G. Lubisch, long active in affairs of the Hastings Ranch Nursery School, has been elected president of the school for the 1959-60 school year. She succeeds Mrs. Conrad Creim, at whose Michigan Blvd. home the annual meeting, election and dinner were held Thursday night.

Other new board members are Mrs. Alan Stearns, vice president and school operations chairman; Mrs. William Vogel, secretary; Gordon Miller, treasurer; Mrs. James Jenkins, ways and means chairman; Mrs. Sol Bucksbaum, mother-teacher chairman; Mrs. John Waugh, public relations chairman; Mrs. Robert Jugan, parent education chairman; Dean Dawson, equipment chairman, and Mrs. Vern Leif, cooperative council representative. Edsel Curry and Al Korngelebel are liaison members of the board representing the Trinity Presbyterian Church, where the school is located.

Mrs. Lee Carmichael, school director, announced that the school next year will be operated with two Monday-Wednesday-Friday classes, three Tuesday-Thursday classes, and an extra Wednesday-Friday group, in an effort to make the school's facilities available to more pre-schoolers.

Alpha Chi Omegas
Hold Last Meeting

An alfresco luncheon, swimming party and bridge last Tuesday terminated the current year for the daytime group of Alpha Chi Omega Alumnae.

Mrs. Thomas Lowe, newly installed president, presided at the meeting.

All Good Roses Are Not Necessarily New

Shopping for roses in bloom is just about the nicest pastime. It's sure that there's no more delightful way to buy roses. You see the plants growth habit and

the exact shade and shape of the bloom—a feat that no catalog can duplicate, though many come close. And you have the added advantage of a pleasant bit of

sightseeing!

There are two possible ways to shop for roses. The obvious one is to drop in on a member of the California Association of Nurserymen and see those he has in bloom. A second way is to drop in at a municipal rose garden where you can see how certain varieties go with each other. Then move on to the nursery and make your selection.

EITHER OF these methods will reveal that all the good roses are not necessarily new. You will renew acquaintances with varieties that were the rage a few years back and find them every bit as good today. You will also see the brand new roses, meeting them in bloom for the first time.

The planting of roses from containers is simpler, if anything, than planting them bare-root. Have the nursery-

man slit the can if you plan to set the rose out right away. Otherwise leave it and slit it yourself when you get around to planting. Be sure not to disturb the soil.

CHOOSE A PLACE in the sun and set the bush with soil level at the same height it was in the container. Dig the hole several inches wider and deeper than needed and mix steer manure with the soil before filling in around the root ball. Water thoroughly at planting time and regularly thereafter.

Set up a spraying, watering and fertilizing schedule and follow it. Keep faded blooms picked off. This may seem a task, but veteran rosarians will tell you that it really pays off.

Property Tax Total Climbs 10.6 Per Cent

Property taxes levied by all California counties, cities, school districts and other special-purpose districts for the 1958-59 fiscal year reached \$1,807,824,000—almost \$123 for every man, woman and child in the state—according to figures released by Richard Nevins, Fourth District member of the State Board of Equalization.

This amount represents a rise of 10.6 per cent from the previous year's total of \$1,634,412,000 and of nearly \$7 in the per capita tax levy.

While the aggregate taxable assessed valuations of tangible property have doubled during the decade since 1948, tax levies during the same period have almost tripled.

This has resulted in a continuation of the nearly uninterrupted climb in the statewide average property tax rate from \$5.45 per \$100 of assessed valuation in the 1948-49 fiscal year to the 1958-59 fiscal year average rate of \$6.96. The current rate is 24 cents higher than that of the previous year.

School district tax levies this year amounted to \$862,134,000, an increase of 12 per cent from the preceding year's figure. This sum is \$275 for each of the 3,140,000 pupils in average daily attendance in our public schools. These levies, accounting for 48 per cent of the total 1958-59 property taxes, averaged \$3.32 per \$100 of assessed value.

Comparison with the comparable school district figures of a decade ago, when school levies represented only 38 per cent of the total and averaged \$2.07 per \$100 of assessed value, focuses attention on the swelling financial burden resulting from sharply rising public school costs.

Towering 570 feet high, the San Jacinto monument, Southeast of Houston, Texas, commemorates the great battle in Texas' struggle for freedom.

The war for Texas independence began in 1835 at Gonzales, where Texans won their first battle and challenged Mexican Military Authorities. A chain of battles ensued until Texas officially declared her independence from Mexico and adopted a constitution on March 2, 1836, at Washington-on-the-Brazos, appointing Sam Houston as Commander-in-Chief of the Army.

No Medicine Will Create Increased Sexual Desire

(Presented as a public service by the Foothill District of the Los Angeles County Medical Assn.)

QUESTION—Is it unusual for a woman to lose sexual interest following removal of the uterus? Is there any form of medical treatment that will restore lost interest?—Y.T.

ANSWER—A decline in sexual desire or interest following a hysterectomy (removal of the uterus) is not uncommon. Usually, however, it is temporary and is often followed by an actual increase in sexual activity after a few months.

The hysterectomy operation itself has no physical effect on sexual activity, since the ovarian function usually is not disturbed. Even when the ovaries are removed, many women continue to have perfectly normal sexual function.

There are no injections or medicines which will bring on permanently increased sexual desire. Many times only psychological reassurance is necessary. Frequently, the absence of fear of pregnancy permits more sexual response.

Q.—For the past five years I've suffered from severe attacks of glaucoma. I use eyedrops and diamox all the time. Are there any books on glaucoma that will give me a better idea of this condition and perhaps teach me how to live more comfortably with this disease?—E.P.

A.—No books on this subject have been written for the layman. Glaucoma, a disease of the eye in which

there is increased pressure within the eye, damaging the retina and the optic nerve, is so complicated a condition and the treatment of it so critical that only the most careful judgment of an ophthalmologist (eye specialist) should be relied on.

Eyedrops and diamox are universally used for the treatment of chronic glaucoma. If these measures fail to keep the disease under control, some form of surgical therapy becomes necessary. Whether to employ surgical measures and when to

use them constitute a delicate problem for your ophthalmologist. Trust him. The only way to live with glaucoma is to treat it faithfully under his direction.

Q.—Since acquiring my first dentures about a year ago, I've lost practically all of my sense of taste. I can still taste certain sour and tart foods but meats and vegetables have almost no flavor. Can anything be done to increase my taste of foods?—H.G.

A.—Sense of taste is so in-

timately associated with sense of smell that it is difficult sometimes to say whether taste or smell has been lost.

Based on the information you have supplied us, however, we believe that most of your trouble is due to disturbance in the sense of smell. An examination by your physician should definitely determine which it is and whether or not there is a disease in the nasal passage or in the central nervous system. The dental extractions may not be related.

New Play To Open at Town Hall

"Buy Me Blue Ribbons," witty comedy by Sumner Elliott, opens Friday, June 5, at Pasadena Town Hall Theater.

Produced by Helen Gross and directed by Don Dubbins, stage and screen star of "Mr. Roberts," "Tea and Sympathy" and "From Here to Eternity," the comedy spoofs the efforts of an ex-child star, now in his teens, to buy his way onto Broadway.

The Town Hall Theater performance brings back Lee Frost, remembered in "The Importance of Being Earnest" and for his direction of "Teahouse of the August Moon," in the role of the child star whom puberty put on the shelf.

Harriet Uecker, who previously played in "Ladies in Retirement," "Ten Nights in a Barroom," and lately in "Mrs. Gibbons' Boys," is cast as the doting mother of the adolescent star.

The realistic female press agent is played by Mel McCoy (of Sierra Madre), who also appeared in "Seven Nuns in Las Vegas" and "Time Limit."

Diane Beveridge is the Broadway actress, Millie Ransome, who doubts that the ex-"Little Boy Blue" can play with passion the love scenes that appear in the extravaganza he has bought for his come-back. Elinor Vardon, Dorothy Hancock, John Schatz, Dick O'Connor, Eli Morgan and Annette Roon complete the cast.

Tickets for "Buy Me Blue Ribbons" are now on sale. Call Hillcrest 7-1711 or SYcamore 3-9310 for reservations.

**Are Rebuilt and
New Picture
Tubes the Same?**

In some respects yes. The new picture tube like the so-called rebuilt picture tube in the vast majority of cases use the picture tube envelope of your old tube over again. This envelope is just the glass enclosure with similarity to the milk companies using the milk bottles over again which has no effect on the quality of the product. This procedure does only one thing and that is to cut down the cost of the picture tube. The major difference between new and so-called rebuilt picture tubes is QUALITY of construction in the process of coating the front of the picture tube, quality of the gun in the neck of the tube, proper aluminizing procedure, proper testing and aging of the tube, and what is most important quality control to determine what tube is a reject and what tube will pass. To you the customer, it means you either want an inexpensive so-called rebuilt tube or a quality new tube and of course the latter will cost you more.

Remember when buying a new tube or so-called rebuilt tube for your television that they are not the same but are each a good buy in that the so-called rebuilt is a good buy for an inexpensive repair and the new tube is a good buy for those who want the best. For an inexpensive so-called rebuilt or quality new tube see this associated dealer.

Kelp Beds Leading Fish Producers

By Al Miyadi
ON THE BEACH—The Southland's oldest patch of sea weed is popularly known as Horseshoe Kelp currently is leading the deep sea parade.

Pierpoint Landing, flexing its schedule, sent out five half-day boats (two of them week day all-day runners) Sunday.

Except for the Paul G., all the boats were dockside by 11:30 a.m.

Morning total: 1,805 barracuda, 53 yellows (to 25 lbs.).

Newport, Balboa, Seal Beach, Pacific, Norm's, 22nd St.—the whole fleet camped on the kelp with comparable counts.

Happiest, of course, were the small boaters who really knocked them silly—many of them were already trailer-bound for home by 9:30.

Rock Point also is red hot. It's been mostly barracuda but occasionally the yellows also have broken loose. An afternoon boat one day last week hit for 35 biggies.

Ballona Creek is off slightly, not nearly as hot as it was a month ago, but as the water clears is expected to resume as part of call for the local fishing fleet. One skiff reported 16 yellows. Earlier in the week, Jack Rea sent

out the Indiana prospecting for yellows in the early morn out El Segundo way with a select group of sharpshooters (I was excluded). El Blanko.

Paradise Cove, which earlier featured a hot scooter run, now is settling back to its bottom fishing routine. The all-day boat is picking up a few yellows daily up the line (50 minutes) at the Deep Hole.

Port Hueneme is ordering off the same menu as PC.

CONTEST—Very simple to enter, write favorite gripe about fishing, mail to: 3506 Muscatel Circle, Rosemead, Calif. Winners come up with fishing passes, Jerry Jigs (currently the number one barracuda jig) and the brand new Yellowtail Jig (not yet on the market). Winner this week is H. Peters, 145 Elkins Place, Arcadia. Believe me, you, too, can be a winner.

TRADE WINDS—Redondo's Gordon McInnes reportedly unhappy with nets . . . unhappiness resulted from lack of banners (not even a mention) concerning yellowtail catches off pier, 30 of them one day two weeks

past, a few pushing 20 pounds . . . revitalizing his PR setup.

Santa Monica Sportfishing may sport new all-day runner soon, one of the better boats on the coast . . . an answer to the northern invasion plans . . .

The two San Pedro landings may merge on fish counts . . . ready to go into orbit, so to speak.

And I wonder where Port Hueneme boats are picking up the yellowtail.

Paradise Cove owner Joe Morris reversed his field on Old Dinah Lee purchase . . . boat was skedged as early runner out of PC, later re-skedged as same type runner out of 22nd St., but now . . .

SKY HIGH

The high cost of living sets up modern home as the dearest place on earth.

NEVER ENDS

A friend in need usually needs all you are willing to give—and then some.

TRUTH WINS OUT

Money often wins the first battle, but it's honesty that wins in the long run.
